Re: CC Docket No. 96-45 State Certification of Universal Service support
pursuant to 47 CFR §54.314; 47 USC 254 (e)

To the Filing Representatives,

Pursuant to 47 CFR § 54.314 (d) the Oklahoma Corporation Commission (OCC) submits this certification in support of the universal service funds received for the telephone companies operating under its jurisdiction. A complete listing of those companies for which 47 CFR §54.314 (d) applies is contained in Attachment B. *(Please See Revised List of 9/29/04.)*

The OCC has received affidavits provided by a corporate officer from each such rural carrier operating in Oklahoma, that includes a sworn statement that the federal high-cost support received has been or will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The OCC also required and received additional documentation pertaining to company's operational and capital expenditures, and federal high-cost support received for Year 2003. Beyond those procedures, the OCC has not undertaken any other procedure to assure that the support received has been used for only its intended purposes.

Our certification herein does not preclude us from reviewing in further detail how any rural carrier has employed its federal universal service funds, and requiring that use of funds comply with directives or policies we may set. Our certification is based on the best data available as of September 24, 2004. Our decision herein does not bind us in pending or future cases and we reserve the right to

conclude that a company should employ its universal service funding differently than it does today, or in the future, based on new data or after a more detailed review.

Please acknowledge receipt of this filing by date stamping the extra copy of this letter, and returning it to us in the self-addressed, stamped envelope.
